

### **Goals of the *Festival Mondial de la Terre*:**

1. Create individual and collective consciousness about the interactions between mankind and the planet.
2. Increase public awareness of the necessity to integrate sustainable development into all of society, especially considering the lives of future generations.
3. Create connections and solidarity between those already environmentally aware.
4. Create alternative energy solutions and new methods of energy consumption
5. Participate in the reduction of worldwide economic imbalances by an ethical resources management
6. Heighten solidarity between man and other peoples.
7. Participate in the establishment of a lasting peace.

### **Values of the *Festival Mondial de la Terre*:**

1. Consciousness and responsibility of the individual and the collective.
2. Respect of the earth and mankind.
3. Engagement in favor of ecology and solidarity.
